Formula 1

The world's #1 health shake*

Product Overview

- A nutritious healthy meal
- The ideal combination of all the nutrients your body needs: Protein, Carbohydrates, Fibre, Vitamins and Minerals in one tasty shake
- Formula 1 is the World's number 1 healthy shake¹
- Perfect for those looking to cut calories but not nutrients, a great approach to weight control
- Quick and convenient, easy to prepare, made in less than a minute
- A great alternative to common breakfast options, more nutrient-dense and less calories
- A huge range of delicious flavours, developed by global flavour experts
- Suitable for vegans, gluten free with no artificial colours, sweeteners or flavours²

Key Features and Benefits

- ✓ Rich in plant-based soy protein, which contains all the essential amino acids the body needs
- ✓ Contains 25 essential vitamins and minerals including vitamin D, which supports a healthy immune system and vitamin C which helps reduce tiredness and fatigue
- ✓ Around 220 calories per shake (may differ slightly by flavour)
- ✓ No artificial colours, sweeteners or flavours²

Consumption

For Weight control:

Replace two of your main daily meals with a Formula 1 shake.

For balanced nutrition support and weight maintenance:

Replace one daily meal with a Formula 1 shake.

Perfect for mixing with PDM or PDM Vegan for more protein and less sugar. Just add 2 scoops to Formula 1 and mix with water for an optimal healthy shake.

For improved skin elasticity, reduced eye wrinkles and cellulite

Microbiotic Max

To help support a healthy gut

Protein Drink Mix Vegan

Perfect partner for Formula 1

Product Overview

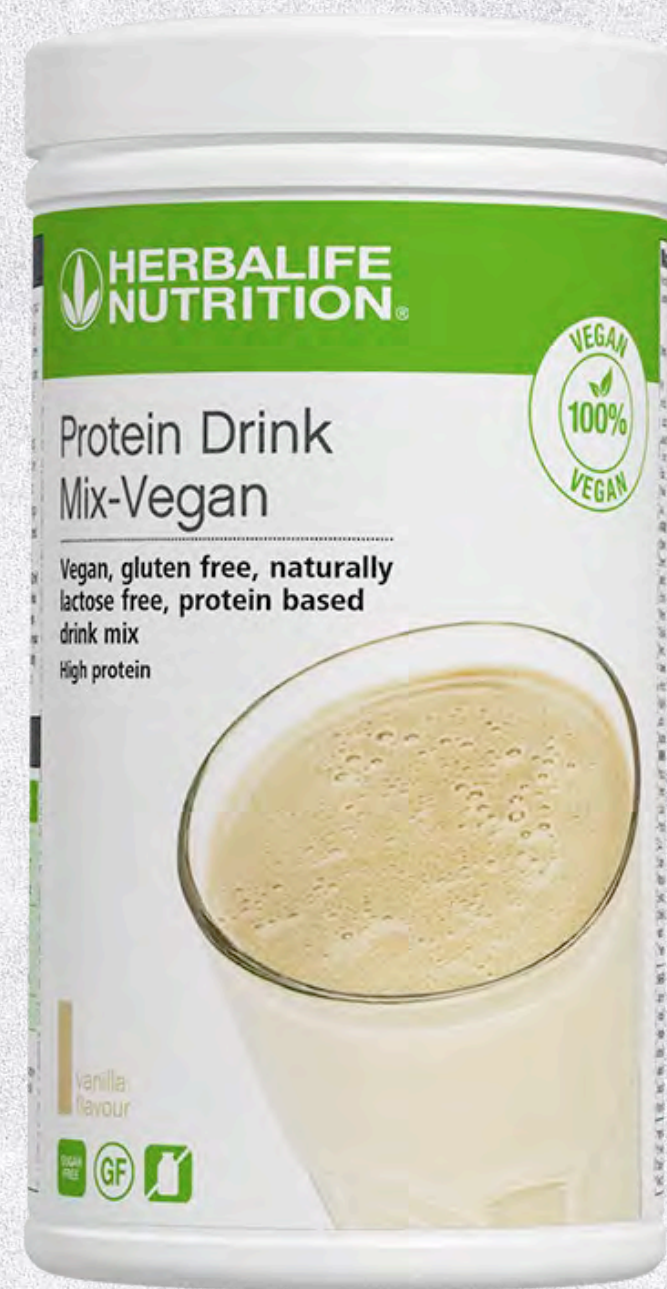

- Formula 1 + PDM Vegan delivers a high protein, low sugar, gluten-free and lactose-free healthy shake that is 100% vegan
- Combine with Formula 1 and water for a healthy meal with more protein, more fibre and less sugar than Formula 1 with milk
- PDM also helps boost both texture and flavour, enhancing your Formula 1 shake in every way
- Those following a vegan diet may often struggle to obtain enough protein, calcium and certain vitamins in their diet (e.g. vitamin D and B12), all of which can be found in PDM Vegan
- The optimal healthy shake

Key Features and Benefits

- ✓ 100% Vegan
- ✓ Naturally sweetened with Stevia
- ✓ Lactose-free
- ✓ Gluten-free
- ✓ Contains no artificial colours or flavours
- ✓ Delivers 15 g protein (2 scoops) or 23 g protein (3 scoops) per serving when consumed alone
- ✓ Contains a complete protein with all essential amino acids.
- ✓ Contains 22 vitamins and minerals.

Consumption with Formula 1

Mix 2 scoops of PDM Vegan with 2 scoops of Formula 1 to 300 ml water for a healthy meal shake with 24 g protein, 26 vitamins and minerals, 6 g fibre and only 212 calories.

Microbiotic Max

Vanilla flavoured

Product Overview

- There is a lot more to our digestive system than we may think. Gut health has been proven to directly impact immunity, skin health¹, sleep²⁻⁴, stress levels⁵, weight management⁶⁻⁷ and brain health⁸⁻¹⁰
- Contains Probiotics which are living ‘good bacteria’ that when consumed in adequate amounts support our health including gut health¹¹⁻¹²

Key Features and Benefits

- ✓ Microbiotic Max is specially formulated to deliver BOTH prebiotics and probiotics in one product, to help deliver optimal gut health.
- ✓ Most competitor gut health products contain only pre or probiotics
- ✓ Also contains Bimuno® GOS Prebiotics which are clinically proven to support immune health, stress relief, brain health and gut health¹³⁻²²
- ✓ No added sugar or sweeteners
- ✓ No added colours or preservatives
- ✓ High in Fibre

Consumption

- Convenient individually packaged sachets make it easy to carry around and consume without need for refrigerating
- Quick and easy to take, just mix with 100 ml of water (under 25°C)
- Or add to your F1 shake after blending²³
- Also perfect for mixing with Collagen Skin Booster for wellness from the inside out

2 BILLION LIVE BACTERIA

FORMULATED TO DELIVER BOTH PREBIOTICS AND PROBIOTICS

Collagen Skin Booster

Strawberry and Lemon Flavour

Product Overview

- Collagen accounts for up to 30% of the total protein mass in our body¹. It also makes up for 75% of our skin and gives it structure and firmness²
- Our body begins to produce less collagen as we age³. Over time, our skin gets thinner, drier, and less elastic⁴. It also becomes less able to heal or repair³
- Collagen Skin Booster is a beauty supplement containing Verisol® P which is scientifically proven to improve skin elasticity, reduce eye wrinkles in 4 weeks and was also shown to decrease visible signs of cellulite after 3 months of regular usage⁸
- Verisol® P contains some of the most powerful bioactive collagen peptides on the market

Key Features and Benefits

- ✓ Reduces eye wrinkles and improves skin elasticity after 4 weeks
- ✓ Shown to decrease visible signs of cellulite after 3 months of regular usage⁸
- ✓ Verisol® P is a mixture of bioactive collagen peptides naturally sourced from collagen type I and III, some of the most scientifically backed collagen peptide sources on the market⁶⁻⁸
- ✓ Collagen Skin Booster is also high in 9 Key vitamins and minerals, to support wellness from within
- ✓ Gluten Free
- ✓ Strawberry & Lemon Natural Flavours

Consumption

Just mix one scoop with 250 ml of water and consume daily
Also perfect for adding to your favourite Formula 1 shake

Active Mind Complex

Smart nutrition for brain health

Product Overview

- Active Mind Complex is made with a natural nootropic from spearmint extract, plus a carefully selected b-vitamin complex
- Scientifically proven to help improve focus, concentration, working memory and reaction times
- Over 50% of people regularly have problems focusing and concentrating
- Under 35s are twice as likely to be affected than over 55s
- Attention spans are decreasing globally, impacting our ability to take in and retain information
- Emerging science around the link between reaction times and success in sports like football, tennis, rugby, squash, boxing etc

VEGAN

GLUTEN FREE

Key Features and Benefits

- ✓ Contains a scientifically proven patented spearmint ingredient to promote cognitive and mental performance²
- ✓ Improves focus², concentration², reaction time² and working memory³ without disrupting sleep at night³
- ✓ Contains vitamins C, B6, B12 and folic acid, contributing to normal psychological function
- ✓ Vitamins C, B6 and B12 also contribute to the normal function of the nervous system
- ✓ Contains pantothenic acid contributing to normal mental performance

Consumption

Take 2 capsules per day with meals. Use this product within a balanced and varied diet as part of a healthy, active lifestyle.

Niteworks®

Lemon Flavour

Product Overview

- Niteworks® is a night-time food supplement composed of amino acids L-arginine, L-citrulline and vitamins
- Nitric oxide is a natural molecule manufactured by the body to promote normal blood and vascular circulation
- Our natural levels of Nitric Oxide are lower at night and after the age of 30 they begin to decline
- Nitric Oxide acts as a signalling molecule in the body, regulating a variety of physiological functions and the lack of it can lead to:
- Cardiovascular Effects: Nitric Oxide plays a key role in regulating blood pressure, promoting vasodilation, and improving blood flow¹
- Respiratory Effects: Nitric oxide helps to regulate the function of the respiratory system, including the airways and lungs²
- Sexual Health Effects: Nitric oxide is also involved in the regulation of sexual function, including erection in males³
- Immune System Effects: Nitric oxide is produced by immune cells and plays a key role in the body's defence against infections⁴
- Cognitive Effects: A lack of nitric oxide may contribute to cognitive decline and memory impairment⁵

**NIGHT-TIME FOOD
SUPPLEMENT**

Key Features and Benefits

- ✓ Both nutrients L-arginine, L-citrulline contribute to nitric oxide production. Research indicates that Nitric Oxide levels in our bodies are lowest at night
- ✓ Niteworks® has high contents of Vitamin C & E that contribute to the protection of cells from oxidative stress. Moreover, Vitamin C helps with collagen formation for the normal function of blood vessels
- ✓ High in folic acid which supports the normal physiological functions and assists in the reduction of tiredness and fatigue

Consumption

Mix two scoops (10g) of Niteworks® powder with 250ml of water or juice. Drink at night before bedtime.

Niteworks® is night-time nutrition particularly designed for those above the age of 30. Not recommended for children, pregnant or lactating women.

Xtra-Cal

Calcium supplement

Product Overview

- Your daily calcium requirement depends on your age and a variety of other factors. For example, teens need more calcium than adults. Older adults, particularly post-menopausal women, need extra calcium to help prevent osteoporosis
- Xtra-Cal is a daily calcium supplement, providing over 100% of your RDA of calcium required for the maintenance of healthy bones and teeth

Key Features and Benefits

- ✓ Helps maintain healthy bones and teeth
- ✓ Rich in vitamin D, essential for calcium absorption and needed for proper muscle function
- ✓ Also contains magnesium, copper, manganese and zinc

Consumption

One tablet three times daily preferably with meals.

Vitamin D

Calcium & Magnesium

Herbalifeline Max

Omega 3

Product Overview

- Omega 3 is widely recognised as a key nutrient for good health¹⁻²
- Our body uses Omega 3 on a daily basis^{3,4}, and it is highly concentrated in the brain^{5,6}
- Our body also does not produce sufficient quantities of some Omega 3 fatty acids⁴⁻⁷ so intake through daily diet is key⁸
- Our fish oil is sustainably sourced and accredited by Friends of the Sea[©]
- Peppermint and thyme essential oils are included in our unique gel capsule to remove any fishy aftertaste

Key Features and Benefits

- ✓Herbalifeline Max is a premium Omega 3 supplement with high amounts of EPA (375 mg) and DHA (250 mg) per capsule, delivering heart⁹, vision¹⁰ and brain health¹⁰ benefits
- ✓EPA and DHA also contribute to the normal function of the heart⁹ as well as to the maintenance of normal blood triglyceride levels¹¹ and maintenance of normal blood pressure¹²

Consumption

Take 1, 4 or 5 capsules per day with water (depending on the beneficial effect you want to achieve) preferably with meals spaced through the day¹³

One Capsule contains levels of DHA and EPA which contribute to:

- Normal function of the heart⁹
- Maintenance of normal vision¹⁰
- Maintenance of normal brain function¹⁰

Four Capsules contains levels of DHA and EPA which contribute to all above benefits, plus the maintenance of normal blood triglyceride levels¹¹

Five Capsules contains levels of DHA and EPA which contribute to all above benefits, plus the maintenance of normal blood pressure¹²

Oat Apple Fibre

Apple Flavour

Product Overview

- Oat Apple Fibre is a delicious and convenient way of increasing your fibre intake which supports our gut and a healthy digestion¹
- Fibre is a type of carbohydrate found in plants that isn't digested or absorbed by our bodies. It can affect how our gut works, including how long it takes for food to pass through, the bacteria in our large intestine, and how well we absorb nutrients
- Fibre can also help with weight management by making us feel full and reducing hunger¹¹⁻¹³. It can also aid in digestion and regular bowel movements¹
- Some fibres, like beta-glucans found in barley, can help lower cholesterol and regulate blood sugar levels⁴⁻⁸. They do this by making our food bolus "thicker," which slows down the absorption of sugars and fats⁹
- Eating more fibre, especially over 25 grams per day, has also been shown to lower the risk of heart disease and type 2 diabetes^{1,10}

Key Features and Benefits

- ✓ Contains 5 g of fibre (both soluble and insoluble) from 6 different sources
- ✓ 18 calories
- ✓ No artificial sweeteners

Consumption

Just add Oat Apple Fibre to your daily Formula 1 shake, PDM/PDM Vegan or Personalised Protein Powder⁴

Alternatively, mix with hot water to prepare a “Fibre Tea”⁵ or add to your Herbal Tea Concentrate beverage

Beta heart®

Vanilla Flavour

Product Overview

- Beta heart® is a supplement containing beta-glucan, a type of fibre that has been scientifically proven to reduce⁵ and maintain⁶ normal cholesterol levels⁴ as well as control blood sugar spikes⁷
- High cholesterol is a risk factor when it comes to developing coronary heart disease¹
- Consumption of beta-glucans as part of a meal also contributes to the reduction of the blood sugar spikes post-meal⁷
- A clinical trial* carried out by leading researchers in Italy has confirmed that the beta-glucans can reduce your blood cholesterol levels
- By including three grams of oat beta-glucans in their diets every day, trial participants reduced their LDL (low-density lipoprotein) cholesterol levels by an average of 12% after only four weeks, further reducing to 15% after only eight weeks
- Often referred to as ‘bad cholesterol’, LDLs make up most of the body’s cholesterol and, if high, can increase the risk of coronary heart disease**
- Overall, the trial, conducted using Beta-Heart®, showed an average reduction in total cholesterol of 6.5% after four weeks and 9% after eight weeks. It was also found that participants’ cholesterol levels returned to their original levels once they’d stopped taking Beta Heart®

Key Features and Benefits

- ✓ 2 scoops of Beta heart® per day (3 g of oat beta glucans) contributes to the reduction of blood cholesterol levels⁵
- ✓ 1 scoop of Beta heart® (1.5 g of oat beta-glucans) per day helps to maintain normal blood cholesterol levels⁶
- ✓ Beta Heart® is high in fibre (3 g per scoop) and is a source of protein
- ✓ Vanilla flavoured, only 25 calories per serving and sugar-free
- ✓ No artificial sweeteners

Consumption

Mix 2 scoops of Beta heart® with a glass of water or juice (250 ml) once a day, or mix 1 scoop with a glass of water twice a day⁸

Perfect for adding to your Formula 1 shake!

Herbal Aloe Concentrate

Mango Flavour

Product Overview

- Aloe is an ancient plant originating from Egypt over 6000 years ago and it has been used throughout history due to its many health benefits⁵
- We source our aloe vera from expert farmers in Mexico where the plants are farmed and cultivated in excellent growing conditions
- Many adults struggle to achieve the recommended daily water intake of 2-2.5 litres¹⁻³ per day
- This amount is even higher during periods of increased physical activity or hot weather¹
- Water contributes to the maintenance of normal physical and cognitive functions⁴
- Liven up your water with the refreshing taste of Herbal Aloe Concentrate Drink Mango Flavour to help you achieve optimum hydration levels for the day
- Aloe Ale Concentrate is certified by the International Aloe Science Council (IASC), ensuring that we exceed industry quality standards when it comes to quality, purity as well as integrity and honesty

NO ARTIFICIAL
COLOURS
OR FLAVOURS

SUGAR FREE

VEGAN

LOW CALORIES

Key Features and Benefits

- ✓ Each aloe leaf is hand-picked to avoid any damage to the leaf
- ✓ Our aloe is then extracted using cold-pressing techniques to achieve a high-quality aloe juice
- ✓ Herbal Aloe Concentrate contains 40% aloe vera juice, which is derived from the whole aloe vera leaf
- ✓ A great way to boost your daily water intake

Consumption

Enjoy Herbal Aloe Concentrate Mango daily. Mix three capfuls (15ml) with 120ml water. For one litre of water, mix eight capfuls (120ml) and enjoy!

Yourself with a Formula 1 shake, high in protein, fibre
and key vitamins and minerals

Aloe Max

Original Flavour

Product Overview

- Aloe is an ancient plant originating from Egypt over 6000 years ago and it has been used throughout history due to its many health benefits⁵
- Aloe Max is our purest aloe vera concentrate drink, containing 97% whole leaf aloe vera juice
- Aloe Max is produced from organic aloe plants, undergoing an advanced filtering process for a smooth, great tasting Aloe drink
- Aloe Max is certified by the International Aloe Science Council (IASC), ensuring that we exceed industry quality standards when it comes to quality, purity as well as integrity and honesty
- Many adults struggle to achieve the recommended daily water intake of 2-2.5 Litres¹⁻³ per day. This amount is even higher during periods of increased physical activity or hot weather
- Water contributes to the maintenance of normal physical and cognitive functions⁴
- Liven up your water with the refreshing taste of Aloe Max to help you achieve optimal hydration levels for the day

Key Features and Benefits

- ✓ We source our aloe vera from expert farmers in Mexico where the plants are farmed and cultivated in exceptional growing conditions
- ✓ Each aloe leaf is hand-picked to avoid any damage to the leaf
- ✓ Our aloe is then extracted using cold-pressing techniques to achieve a high-quality aloe juice
- ✓ No added sugar or sweeteners
- ✓ No added colours or flavours

Consumption

Enjoy the refreshing taste of Aloe Max in the morning or throughout the day.

Shake well before use and mix 3 capfuls of Aloe Max (15 ml) with 120 ml of water.

To enjoy with a litre of water, mix 120 ml of Aloe Max with 1 litre of water.

H24

Sports Nutrition

- Whether it's before, during, or after a workout, we've created a line of products that help active individuals fuel their lives and perform at the level they want.
- The Herbalife24 line consists of premium active lifestyle and sports nutrition products that can be used for daily nutrition, performance and recovery for people who need specific nutrients to fuel their lifestyle.
- Since no person or activity plan is the same, the combination of products and intake for each can be tailored to fit your activity levels, training, and performance needs.
- H24 products can help you perform at your best during before, during and after exercise
- Unlike most competitor brands, H24 products do not contain any artificial colours or flavours
- All products are Informed Sport certified, making them ideal for competing athletes. Every product in the H24 range is 'Informed Sport' accredited, which means every product batch is tested before it is released in the market. Athletes can visit informed-sport.com to confirm tests and certifications on specific batches
- More than 190 sporting teams, athletes and events around the world use H24 products to help them perform at their best.

H24 Formula 1 Sport

Vanilla Flavour

Product Overview

- A delicious, balanced meal for active customers ideal to consume at breakfast, lunch or dinner⁵
- Formula 1 Sport contains both casein and whey protein. Both casein and whey are digested well and contain all essential amino acids needed, but the way they are being digested differs^{1,2}
- Whey is a “quickly digestible” protein – its amino acids, including valuable leucine, appear in the bloodstream relatively quickly after consumption³. Casein, on the other hand, is digested more slowly, so the amino acids appear in the blood over a longer period of time causing a sustained elevation³. Whey proteins are soluble and are released more rapidly in the intestines to be absorbed. If you consume a combination of protein sources like casein and whey in milk protein, your body can get a slow and steady supply of the all-important amino acids over a long period of time¹⁻³

Key Features and Benefits

- ✓ Rich in protein (19 g per serve) Formula 1 Sport is made from high-quality milk protein to supply all of the essential amino acids our body needs
- ✓ Formula 1 Sport also contains 5 g of fibre and 25 vitamins & minerals. Our bodies cannot produce the majority of vitamins and minerals we need on a daily basis therefore, inadequate levels can impair exercise performance, recovery and muscle growth. When we exercise, our body also consumes more oxygen, increasing the so-called oxidative stress⁴. Antioxidants found in vitamins and minerals are widely known to counteract the effects of oxidative damage which can be an effect of intense exercise.

Consumption

For weight control, replace breakfast and lunch with a H24 Formula 1 Sport shake.

For healthy weight maintenance, replace one meal a day with a H24 Formula 1 Sport shake.

H24 Achieve Protein Bars

Dark Chocolate Or Chocolate Chip Cookie Dough

Product Overview

- H24 Achieve Protein Bars are a convenient way to consume protein on the go. Either take after your workout or as a snack in-between meals
- Whether you are looking to lose fat or build and maintain muscle to improve your performance, protein is key in helping you achieve your goals¹⁻²
- Protein consumption post exercise is also a key factor that contributes to muscle recovery³
- Suitable for vegetarians and they taste amazing!
- H24 Achieve Protein Bars are also a healthier alternative to chocolate bars: less sugar, more protein, all of the taste
- Available in dark chocolate and cookie dough flavours

Key Features and Benefits

- ✓ High in whey protein (21 g per bar)
- ✓ Low in sugar
- ✓ Naturally sweetened with stevia

Consumption

Consume once a day in between meals or after your workout. Enjoy this product within a balanced and varied diet, as part of a healthy, active lifestyle.

H24 Rebuild Strength

Chocolate Flavour

Product Overview

- A high-protein post-recovery shake perfect for building or maintaining lean muscle
- Contains a unique combination of protein and carbohydrates to support muscle building, muscle damage and soreness¹⁻⁵
- H24 Rebuild Strength contains several minerals and vitamins which are body cannot produce on its own and are needed for vital functions around the body such as energy-yielding functions
- H24 Rebuild Strength also contains a complete/high-quality protein source, which means it contains all the essential amino acids, including the branched-chain amino acids leucine, isoleucine, and valine

Key Features and Benefits

- ✓ 190 calories per serve with no artificial colours, flavours or sweeteners
- ✓ Delicious, creamy chocolate flavour
- ✓ Just add water and consume after your workout

Consumption

Add 5 scoops (50 g) to 250 ml water and shake vigorously. Consume within 30 minutes following anaerobic activity.

POST-RECOVERY SHAKE

HIGH IN PROTEIN

H24 LiftOff Max

Grapefruit Flavour

Product Overview

- A delicious, balanced meal for active customers ideal to consume at breakfast, lunch or dinner⁵
- H24 LiftOff Max is an effervescent energy drink that contains 180 mg of caffeine per serve, perfect before workouts or whenever you need to get back on track¹
- It has been scientifically designed to contain an optimal amount of caffeine to support physical and mental performance¹
- A healthier alternative to sugary energy drinks
- The effervescent powder delivers the same fizz as regular LiftOff
- Best consumed when freshly prepared and in its entirety

Key Features and Benefits

- ✓ H24 Lift Off Max is high in vitamins C, B6 and B12 which contribute to the reduction of tiredness and fatigue
- ✓ It has been especially formulated with Vitamin B5 which contributes to normal mental performance²⁻⁴
- ✓ H24 Liftoff Max is low in calories, sugar-free, grapefruit flavoured and suitable for vegans

Consumption

Just mix 1 sachet per day with 250 ml of water either before a workout or whenever you need to get back on track with a caffeine boost.⁵

H24 Restore

Night-time Food Supplement

Product Overview

- H24 Restore is a unique night-time food supplement for those that push to the extremes
- Intense exercise and lack of sleep can affect immune health and post-workout recovery¹
- Intense physical activity may also increase blood cortisol levels, which has been shown to be elevated when you over-train²
- High-intensity exercise may also cause increased oxidative stress on our bodies³

Key Features and Benefits

- ✓ H24 Restore contains 150 mg of Lactium, a unique bioactive peptide derived from casein protein
- ✓ It also includes 100% RI of vitamin E which helps to protect cells from oxidative stress

Consumption

Just take one capsule at night before bed.

150 MG OF
LACTIUM

H24 Hydrate

Orange Flavour

Product Overview

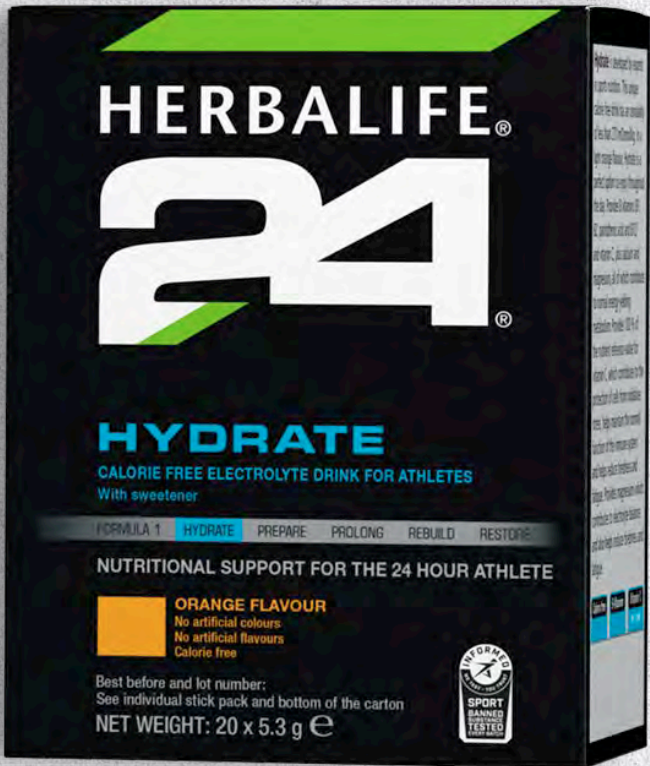

- H24 Hydrate is calorie-free electrolyte drink to encourage fluid consumption throughout the day and during exercise
- Hydration is key for optimum performance¹
- Many adults struggle to achieve the recommended daily water intake 2-2.5 Litres^{2,3} per day. This amount may be even higher during periods of increased physical activity⁴
- When we exercise, we lose fluids and electrolytes through sweat which need to be replaced⁴

Key Features and Benefits

- ✓ H24 Hydrate contains a blend of Magnesium, B vitamins⁵ and Vitamin C to help reduce tiredness and fatigue and help protect cells from oxidative stress
- ✓ Specifically designed to be consumed throughout the day
- ✓ Convenient and delicious orange flavoured

Consumption

Mix one sachet with 50 ml of water.

H24 CR7 Drive

Acai Berry Flavour

Product Overview

- CR7 Drive is a carbohydrate-electrolyte drink to help fuel intense workouts and enhance hydration¹⁻⁵
- Fuel your workouts like an athlete: Extra energy and hydration⁵
- It also enhance the absorption of water during physical exercise²⁻⁵
- It promotes the absorption of water in the small intestine¹⁻⁴ whilst carbohydrates contribute to the maintenance of performance during prolonged endurance exercise¹⁻⁴

**LIGHT ACAI
BERRY FLAVOUR**

**CARBOHYDRATE-
ELECTROLYTE
DRINK**

**NO ARTIFICIAL
COLOURS,
FLAVOURS OR
SWEETENERS**

Key Features and Benefits

- ✓ CR7 Drive provides the right types of carbohydrates (high GI) and minerals, in particular sodium, in the right amounts

Consumption

Available in both tub or a sachet format – just add water and consume during prolonged endurance exercise

[HOME](#)

[Full
Product
Details](#)

H24 Prolong

Citrus Flavour

Product Overview

- A carbohydrate-protein drink, perfect for prolonged exercise as well as intense exercise or workouts that are longer than 2 hours^{1,2,7}
- When exercising intensively for more than 60 minutes, you may suffer depleted levels of carbohydrates and fluids. Therefore, a carbohydrate-protein drink is recommended for these sports activities, especially in hot conditions
- Carbohydrates are important during training and the electrolytes help absorb fluids^{3,6}

Key Features and Benefits

- ✓ H24 Prolong contains a dual-source of carbohydrates plus a selected blend of vitamins like B and C for sustained energy³⁻⁹
- ✓ It also contains a multivitamin blend, maltodextrin and fructose to help you go further³⁻⁵
- ✓ No artificial colours, flavours or sweeteners

Consumption

Available in a light Citrus flavour. Just add water

PROLONGED EXERCISE

[Full Product Details](#)

H24 Rebuild Endurance

Vanilla Flavour

Product Overview

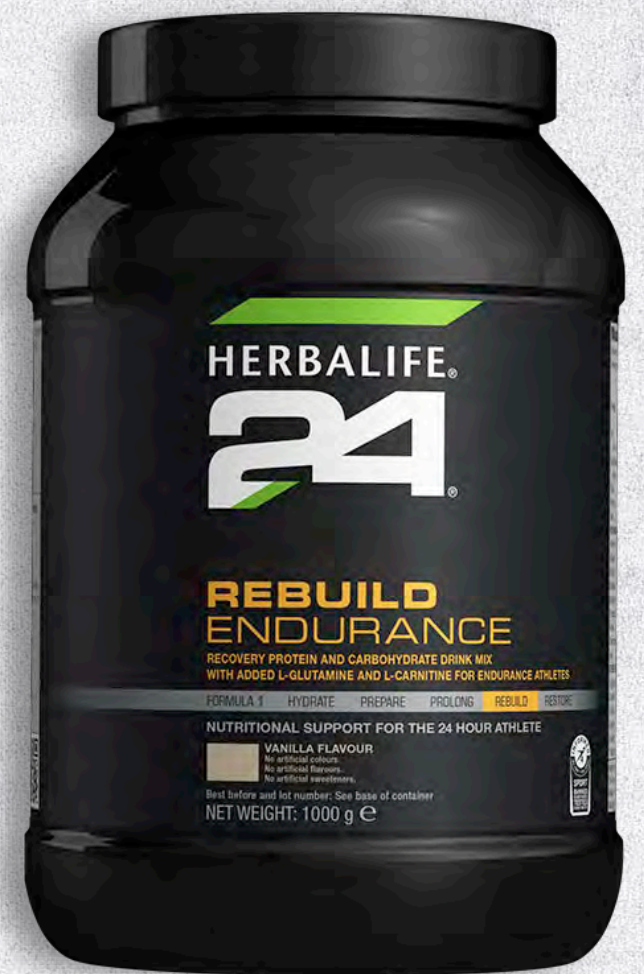

- A recovery drink for consuming after endurance exercise with a dual-source carbohydrate-protein blend in each serve⁸
- We need both a combination of carbohydrates⁸ and protein⁹ to recover effectively after exercise^{1,2}

Key Features and Benefits

- ✓ H24 Rebuild Endurance includes 36g of carbohydrates per serve in the form of maltodextrin, fructose and sucrose. Each of these type of carbohydrates are absorbed and digested differently in the body. For example, maltodextrin is rapidly released, whilst fructose is absorbed more slowly. Together they provide glucose in both a fast and sustained manner for effective replenishment of glycogen stores⁴⁻⁷
- ✓ It also contains 10g of protein per serve which contributes to the growth and maintenance of muscle mass
- ✓ H24 Rebuild Endurance includes vitamins B1, B2 and C which contribute to a normal energy-yielding metabolism. High-intensity exercise can contribute to the increased release of oxygen which leads to oxidative stress³.
- ✓ H24 Rebuild Endurance contains vitamin E and C which contribute to the protection of cells from oxidative stress. In addition, vitamin C contributes to a normal function of the immune system¹⁰
- ✓ H24 Rebuild Endurance also contains Iron which helps combat tiredness and fatigue

Consumption

Easy to drink during your workout or whilst on the move, just add water and consume after exercising

Core Nutrition

Formula 1 offers convenience, taste and nutrition all in one shake.

Featuring a perfect blend of high quality protein, fibre, and vitamins & minerals you no longer have to choose between healthy meals and convenience - the Formula 1 shake is quick and easy to prepare!

- Get the nutrients your body needs, while staying committed to your preferences or diet requirements. F1 Banana Cream is made of ingredients that are vegan sourced, gluten free and contains no artificial colours or flavours.
- High in protein contributing to a growth in muscle mass, Formula 1 is a meal replacement that contains key micro and macro nutrients and added botanicals and herbs.
- Enjoy Formula 1 as a nutritional breakfast, lunch or dinner to support your active lifestyle and weight management* goals.
- It contains 25 vitamins and minerals, including vitamin D which contributes to the normal function of the immune system, and vitamin C which contributes to the reduction of tiredness and fatigue.

*For weight control: Substituting two of the main daily meals of an energy restricted diet with meal replacements contributes to weight loss. Replace two meals per day with a delicious Formula 1 drink and take a balanced meal.

For balanced nutrition support and weight maintenance: Substituting one of the main daily meals of an energy restricted diet with a meal replacement contributes to the maintenance of weight after weight loss. Replace one meal per day with a delicious Formula 1 drink and eat two balanced meals. Meet your daily caloric goals by also consuming nutritious snacks.

KEY BENEFITS:

- 222 kcal per serving
- 18 g protein per serving, contributing to the growth of muscle mass
- 4 g of fibre per serving
- Minimum 38% of the daily recommended intake for 25 vitamins and minerals per serving, including Chromium which helps maintain normal blood sugar levels
- Vegan ingredients, gluten free, no artificial colour and natural flavouring

USAGE

- Enjoy a Formula 1 Banana Cream shake every day as a nutritious meal. Gently shake the canister prior to each use as content may settle. Mix two tablespoons (26 g) of powder with 250 ml of cold, semi-skimmed milk (1.5 % fat)

Enjoy this product within a balanced and varied diet, as part of a healthy, active lifestyle. Check out myherbalifeshake.com for additional shake recipes and serving suggestions

Core Nutrition

Tri Blend Select is a deliciously creamy protein shake offering you naturally sourced nutrition and great taste. With a unique combination of high quality wholefood ingredients, Tri Blend Select is also high in fibre and low in sugar. We have carefully selected a premium vegan blend to deliver a complete protein source providing all essential amino acids, vitamin C and 7 key minerals from natural sources.

Nourish your body and delight your taste buds!

- Vegan blend of Pea Protein, Quinoa and organic Flax Seed
- High in protein, fibre and with vitamin C to help reduce tiredness and fatigue, maintain a normal function of the immune system and normal energy-yielding metabolism.
- Naturally sourced wholesome vegan ingredients for your evolving nutritional needs.
- Low in sugar full in flavour.

KEY BENEFITS:

- 20 g protein per serving, contributing to the maintenance of muscle mass.
- Only 191 kcal per serving.
- 8 g of fibre per serving.
- Gluten and dairy free, naturally sourced sweetener, no colours and natural flavours.

USAGE

- Enjoy Tri Blend Select at anytime during the day. Gently shake the pouch prior to each use as content may settle. Mix 3 scoops (40g) of powder with 250ml of water or your favourite alternative milk or fruit juice ***.

Enjoy this product within a balanced and varied diet, as part of a healthy active lifestyle.

Adjust the liquid amount for the consistency you require.

Check out myherbalifeshake.com for additional shake recipes.

*** If mixed with juice or other beverage or adjusting the amount of liquid, nutritional values will differ

Save Nutrition

- Formula 1 is a tasty and nutritional meal.
- With a perfect blend of high-quality soy protein, fibre, vitamins and minerals, it is suitable for vegans** and is gluten-free.
- Get the nutrients your body needs while staying committed to your preferences or diet requirements. F1 Mushroom & Herb is made of ingredients that are vegan sourced, gluten and dairy free. It contains no artificial colours.
 - A rich and creamy meal that is quick to make with an excellent balance of high-quality soy protein, key macro and micronutrients.
 - Enjoy Formula 1 as a nutritional lunch or evening meal to support your active lifestyle and weight management goals.

For weight control, replace two meals per day with a delicious and balanced.

Formula 1: Substituting two of the main daily meals of an energy restricted diet with meal replacements contributes to weight loss.

For balanced nutrition and weight maintenance, replace one meal per day with a delicious Formula 1. Substituting one of the main daily meals of an energy restricted diet with a meal replacement contributes to the maintenance of weight after weight loss.

** when mixed with 250 ml of fortified soy beverage.

This product is intended for use as part of an energy-restricted diet and with other foodstuffs, in conjunction with regular physical activity. It is important to maintain adequate fluid intake. It is important to follow these directions as indicated.

KEY BENEFITS:

- High in protein
- F1 Mushroom & Herb contains no artificial colours, no added sugar and is gluten-free.
- Even when enjoyed as a vegan mix, F1 delivers more than a third of your daily recommended intake of 25 vitamins and minerals.

USAGE

- Enjoy a Formula 1 Mushroom & Herb soup every day as a nutritious meal. Gently shake the canister prior to each use as content may settle. Mix two scoops (28 g) of powder with 250 ml of hot, semi-skimmed milk (1.5 % fat). Or for a vegan friendly and dairy free shake, mix two scoops (28 g) of powder with 250 ml hot fortified soy beverage.

Enjoy this product with a balanced and varied diet, as part of a healthy, active lifestyle. Check out myherbalifeshake.com for additional shake recipes and serving suggestions.

Ingredients:

Milk protein concentrate, glucose syrup, fructose syrup, milk chocolate coating (16.7 %) (sugar, cocoa butter, milk powder, cocoa liquor, emulsifier (soya lecithin), flavouring), peanut paste (10.3 %), gelatin, crisped rice, cocoa powder (0.7 %), caramel (glucose syrup, sugar), flavouring, DL-alpha-tocopherol, nicotinamide, D-calcium pantothenate, pyridoxine hydrochloride, thiamin hydrochloride, riboflavin, cyanocobalamin. CONTAINS MILK, SOYA AND PEANUTS. MAY CONTAIN TRACES OF NUTS, GLUTEN AND EGG.

For up to date Ingredient & nutritional values please refer to the label on the product.

Weight Management

Delicious high protein snack, a perfect healthy treat for a sweet tooth.

KEY BENEFITS

- At 140* kcal per bar, which is less than many conventional chocolate bars
- A balanced combination of 10g of protein and 15g of carbohydrates
- 10g protein to help you build lean muscle mass
- High in vitamins B1, B2, Pantothenic acid, B6 and vitamin E

HOW CAN IT HELP YOU?

Proteins from foods like soy and dairy are termed 'complete' proteins because they contain a balance of all the essential amino acids (or building blocks) for the growth and maintenance of muscle.

USAGE

One or two bars per day as a healthy snack.

Microbiotic Max

Full Product Details

MICROBIOTIC MAX

VANILLA FLAVOUR

Nutritional Information
Serving Size: 1 sachet (2 g)
Servings Per Container: 20 sachets

	Per 100 ml of made up product*
Fibre	2 g
Total live cells:	
<i>Lactobacillus helveticus</i> R52	1 billion CFU ¹
<i>Bifidobacterium lactis</i> HND19	1 billion CFU ¹

¹ Colony Forming Unit
* 1 sachet (2 g of powder) dissolved in about 100 ml water

SKU: 173K
VP: 27.10

Ingredients:
galactooligosaccharides powder (galactooligosaccharides (milk), lactose (milk), glucose (milk), galactose (milk)), maltodextrin, *Lactobacillus helveticus* R52, *Bifidobacterium lactis* HND19, favouring anti-caking agent (silicon dioxide). Allergy advice: for allergens, see ingredients in bold.
MAY CONTAIN SOYBEANS.

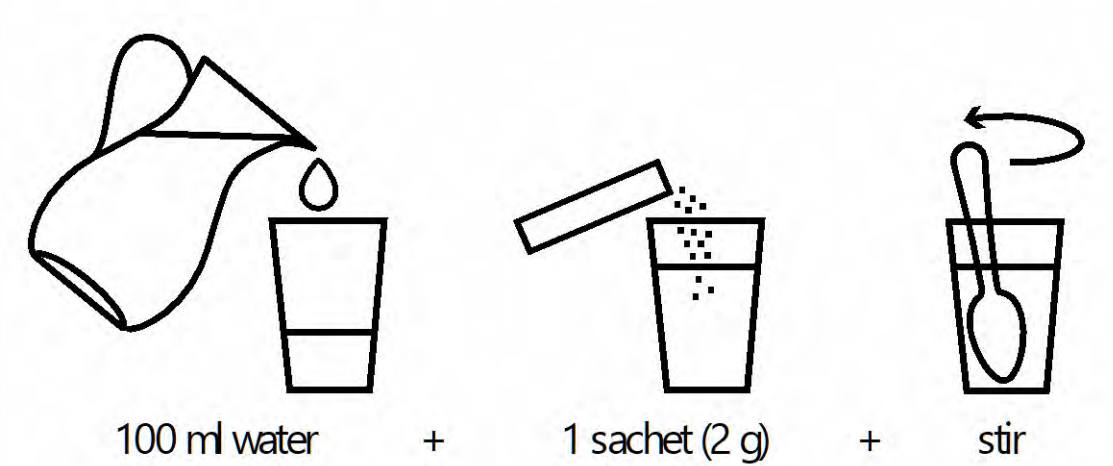

Microbiotic Max has been formulated to offer you a combination of probiotics and prebiotic fibre, that work together in harmony to help support your nutrition goals. Each serving contains 2 billion live bacteria from strains of *Bifidobacterium lactis* and *Lactobacillus helveticus*. This product is high in fibre and available in powdered sachets, making it perfect for you to take wherever you are. With a subtle vanilla flavour, enjoy Microbiotic Max with water or your favourite Formula 1 shake.

KEY BENEFITS

- Contains a combination of both Probiotics and Prebiotic Fibre
- Delivering 2 billion live bacteria (CFU) per serving
- Gluten-free
- High in fibre
- No added sugar
- Contains no sweeteners, colours or preservatives
- Vanilla flavour
- No need for refrigeration
- Available as a box of 20 individual sachets
- Perfect for when you are on-the-go

USAGE

Add 1 sachet to half a glass of water (about 100 ml), stir until dissolved and enjoy. Drink on its own or add to your favourite Formula 1 shake. Please add after blending, and use liquids at a temperature below 25°C, to avoid affecting product efficacy.
Enjoy once a day. Use this product within a balanced and varied diet, as part of a healthy, active lifestyle.

SKU 233K

Ingredients:
Maltodextrin, dried yeast fermentate EpiCor® (made using *Saccharomyces cerevisiae*), elderberry fruit juice powder, acidity regulator (citric acid), thickeners (acacia gum, xanthan gum), L-ascorbic acid, natural flavouring, colour (beetroot red), sweetener (steviol glycosides from stevia), zinc citrate, cholecalciferol, anti-caking agent (silicon dioxide), sodium selenite.

EpiCor® is a registered trademark of Embria Health Sciences, L.L.C.

Immune Booster is formulated with the scientifically proven ingredient EpiCor® and a blend of key vitamins and minerals. The results of over a dozen clinical trials¹ show that EpiCor® has been proven to help deliver both immunity and gut health benefits.

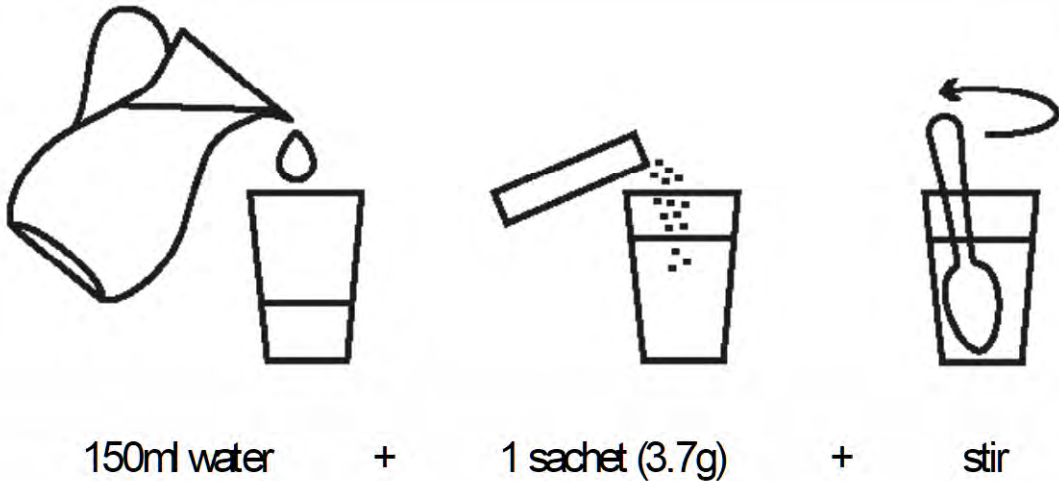

Available as a box of 21 sachets, Immune Booster is a great way to take care of your immune system when you're on the go.

KEY BENEFITS

- Over a dozen clinical studies¹ prove EpiCor® helps to deliver both immune and gut health benefits
- High in Vitamin C, Vitamin D, Selenium and Zinc which contribute to maintain the normal function of the immune system
- Vitamin C, Selenium and Zinc also contribute to the protection of cells from oxidative stress
- Suitable for vegans
- Gluten-free
- Contains no artificial colours or flavours
- Available in a tasty berry flavour
- Sweetened with a naturally sourced sweetener from stevia leaves
- Available in 21 individual sachets, as maximum efficacy typically seen after 2-3 weeks.

USAGE
Enjoy Immune Booster daily by adding one sachet (3.7 g) to 150 ml of water and stir until dissolved. Consume one glass per day with meals.

Use this product within a balanced and varied diet, as part of a healthy active lifestyle.

¹ Seven published preclinical studies. Eight published human clinical trials

Niteworks

Full Product Details

Niteworks®

Average Contents

Vitamins	Per Daily Serving(10g)	%RI
Vitamin C	100 mg	125%
Vitamin E	20 mg α-TE	167%
Folic Acid	200 µg	100%
L-arginine	5,16 g	
L-taurine	0,30 g	
L-citrulline	0,21 g	
Melissa Officinalis Extract	40 mg	

*Reference Intake

Ingredients:

L-arginine, flavour enhancer (citric acid), maltodextrin, flavouring, L-taurine, L-citrulline, calcium-L-ascorbate, DL-alpha-tocopheryl acetate, sweetener (sucralose), Melissa officinalis extract-leaf (Melissa officinalis L., 0.4 %), pteroylmonoglutamic acid, anti-caking agent (silicon dioxide).

Targeted Nutrition

Niteworks® is a night-time nutrition supplement with L-arginine, L-citrulline and vitamins.

KEY BENEFITS

- High in vitamins C & E to protect the cells from oxidative stress.
- Vitamin C contributes to normal collagen formation for the normal function of blood vessels.
- High in folic acid, which contributes to normal blood formation and homocysteine metabolism.
- Folate and Vitamin C contribute to the reduction of tiredness and fatigue.

HOW CAN IT HELP YOU?

Nitric oxide is a naturally occurring gas manufactured by the body to promote normal blood and vascular circulation. Our natural levels of nitric oxide are lower at night and after the age of 30 as nitric oxide levels begin to decline.

USAGE

Add two measuring scoops (10 g) in 250 ml of cold water. May also be mixed with sparkling water or juice. Niteworks® is night-time nutrition particularly designed for anyone but especially for those above the age of 30.

Xtra-Cal

Full Product Details

CALCIUM SUPPLEMENT

Nutritional Information:

	Three tablets provide:	% RDA*
Calcium	999 mg	125 %
Vitamin D	2.25 µg	45 %
Magnesium	1.20 mg	32 %
Manganese	0.99 mg	50 %
Zinc	7.50 mg	75 %
Copper	0.99 mg	99 %

* Recommended Daily Allowance

Ingredients:

Calcium carbonate, bulking agents (microcrystalline cellulose, cross-linked sodium carboxy methyl cellulose), calcium citrate, magnesium oxide, anti-caking agents (fatty acids, silicon dioxide, calcium salts of fatty acids), corn starch, glazing agents (hydroxypropyl methylcellulose, glycerol), colour (titanium dioxide), zinc sulphate, cupric gluconate, manganese sulphate, cholecalciferol. **MAY CONTAIN SOYA.**
For up-to-date ingredient list & nutritional values please refer to the label on the product

Targeted Nutrition

Xtra-Cal is a daily calcium supplement, providing over 100% of your RDA of calcium required for the maintenance of healthy bones and teeth.

KEY BENEFITS

- Helps maintain healthy bones and teeth
- Contains over 100% of your calcium RDA per serving
- Rich in vitamin D, essential for calcium absorption and needed for proper muscle function
- Also contains magnesium, copper, manganese and zinc

HOW CAN IT HELP YOU?

Your daily calcium requirement depends on your age and a variety of other factors. For example, teens need more calcium than adults. Older adults, particularly post menopausal women, need extra calcium to help prevent osteoporosis.

DID YOU KNOW?

Milk provides a range of essential nutrients but to put things practically, a daily serving of Xtra-Cal provides you with 850 mg of calcium which is similar to the calcium provided by three glasses of milk.

ALSO TRY

Herbalifeline®, which contains 2 Omega-3 fatty acids, EPA and DHA, from fish oil, to help support a healthy heart.

Ingredients:

Fish oil, capsule shell [stabiliser (hydroxypropyl starch), firming agent (glycerol), gelling agent (carrageenan), acidity regulator (disodium phosphate)], antioxidant (alpha-tocopherol), natural flavourings [thyme oil (0,14 %), peppermint oil (0,07 %)].
Allergy advice: for allergens, see ingredients in **bold**.

Targeted Nutrition

Herbalifeline® Max is an exclusive blend of sustainably sourced Omega-3 fish oils containing two fatty acids EPA (eicosapentaenoic acid) & DHA (docosahexaenoic acid).

- EPA and DHA contribute to the normal function of the heart* as well as to the maintenance of normal blood pressure**** and normal blood triglyceride levels***.
- DHA contributes to the maintenance of normal brain function** and normal vision**. Herbalifeline® Max's exclusive combination includes essential oils from thyme and peppermint to eliminate any aftertaste and is encapsulated in a unique gel capsule (which is suitable for vegetarians).

- HIGHER levels of EPA and DHA per capsule†, which deliver heart*, vision** and brain** benefits
- NEW formulation with 5 key claims
- NEW sustainably sourced fish oil accredited by friend of the sea
- NEW vegetarian gel capsule
- Contains essential oils from thyme and peppermint to freshen the taste
- All the ingredients of Herbalifeline® Max are encapsulated using a vegetarian gel capsule

RECOMMENDED USAGE

Take 1, 4 or 5 capsules per day (depending on beneficial effect you want to achieve) in conjunction with water preferably with meals spaced over the day.

Herbal Aloe Concentrate

Full Product Details

ALOE MANGO DRINK

Nutritional information, average serving:

	Per 100 ml	Per max daily dose (=45ml)
Energy Value	56 kJ	27 kJ
equivalent to	13 kcal	6 kcal
Fat	0 g	0 g
of which: saturated	0 g	0 g
Carbohydrate	3,20 g	1,40 g
of which: sugars	0 g	0 g
Fibre	0 g	0 g
Protein	0 g	0 g
Salt	0,06 g	0,03 g

Ingredients:

Water, purified aloe vera juice - whole leaf (Aloe barbadensis) 5:1(40 %), acidity regulator (citric acid), natural mango flavouring with other natural flavours, preservatives (potassium sorbate, sodium benzoate), sweetener (sucralose), chamomile flower extract (Matricaria chamomilla L.) 4:1.

Weight Management

Made from the soothing Aloe Vera leaf, Herbal Aloe Concentrate is now available in mango flavour. It's a refreshing drink which contains Aloe Vera juice and no added sugar to give your water a refreshing tropical taste.

KEY BENEFITS

- Contains 40% Aloe Vera juice derived from the Aloe Vera leaf
- Contains no added sugar and is low in calories
- Add Herbal Aloe Concentrate to water to provide a refreshing and soothing drink, which may stimulate you to drink more water thus helping you to achieve the required fluid intake of 2-2.5 litres per day

WHY DO YOU NEED IT?

Whether trying to control your weight or leading a busy and active lifestyle, it can sometimes be hard to ensure you give your body the required daily fluid intake of 2 – 2.5 litres each day. Herbal Aloe Concentrate mango flavour provides an ideal way to enjoy a healthy, refreshing and great tasting drink, to help increase your fluid intake.

USAGE

Mix 3 capsules (15 ml) with ½ a cup (120ml) of water.

Treat your body to Formula 1 Sport. A convenient and balanced meal that helps to support your nutritional and fitness goals!

KEY BENEFITS

- With 19 g high-quality protein and 5 g fibre Formula 1 Sport can provide a solid nutritional foundation for your fitness aspirations
- Contains 25 vitamins and minerals, to help you obtain the optimal nutrition your body needs
- F1 Sport contains all essential amino acids, including leucine which is one of the BCAAs
- Contains vitamins C, E and Selenium which contributes to the protection of cells from oxidative stress

WHO CAN BENEFIT FROM FORMULA 1 SPORT?

Formula 1 Sport is an optimal meal replacement shake for fit and active individuals seeking a balance between their fitness goals, the right nutrition and a busy lifestyle.

USAGE

Mix two scoops (26 g) of Formula 1 Sport with 250 ml of cold semi-skimmed milk (1.5% fat)

***For weight control:** Substituting two of the main daily meals of an energy restricted diet with meal replacements contributes to weight loss. Replace two meals per day with a delicious Formula 1 drink and take a balanced meal

***For balanced nutrition and weight maintenance:** Substituting one of the main daily meals of an energy restricted diet with a meal replacement contributes to the maintenance of weight after weight loss. Replace one meal per day with a delicious Formula 1 drink and eat two balanced meals

This product should be used as part of a balanced and varied diet in line with a healthy lifestyle.
This product is intended for use as part of an energy-restricted diet and with other foodstuffs, in conjunction with regular physical activity. It is important to maintain adequate fluid intake. It is important to follow these directions as indicated.

Banned Substance Tested: The Informed-Sport quality assurance programme certifies that a sample of the batch (from which this product was created) has been tested by LGC's world-class sports anti-doping lab and found to contain no banned substances in its anti-doping screen. Energy, Sports & Fitness

Recovery high protein drink for use immediately after your workout.*

KEY BENEFITS

- For use after anaerobic exercise
- Contains 190 kcal per serving
- Contains 25g protein that contributes to the growth and maintenance of muscle mass, delivering protein to fatigued muscles
- Iron contributes to normal energy-yielding metabolism, the formation of red blood cells and oxygen transport in the body
- No artificial colours, flavours or sweeteners
- Casein and whey proteins are both high quality dairy proteins and are recognised for their excellent amino acid content¹

The Informed-Sport quality assurance programme certifies that a sample of the batch from which this product was created has been tested by LGC’s world-class sports anti-doping lab, and found to contain no banned substances in its anti-doping screen. More details at www.informed-sport.com

Reference:

1.Jäger et al. International Society of Sports Nutrition Position Stand: protein and exercise. Journal of the International Society of Sports Nutrition (2017)14:20.

* Contains 18 g carbohydrates that contribute to the recovery of normal muscle function after highly intensive and long-lasting physical exercise leading to muscle fatigue and the depletion of glycogen stores in skeletal muscle.

WHO CAN BENEFIT FROM REBUILD STRENGTH?

- Anyone who lifts weights at the gym
- Crossfit athlete after a workout
- Football player looking to growth in muscle mass
- Anyone who needs high protein

USAGE

Add 5 level scoops (50g) to 250 ml of water. Shake vigorously. Consume within 30 minutes following anaerobic activity.

Enjoy this product within a balanced and varied diet, as part of a healthy, active lifestyle.

Ingredients:

Acidity regulators (sodium bicarbonate, citric acid), maltodextrin, natural f avourings, caf eine powder, L-ascorbic acid (Mt. C), sweetener (steviol glycosides), colour (beetroot red), nicotinamide (Nacin), calcium D-pantothenate (Pantothenic acid), ribof avin (Mt. B2), pyridoxine hydrochloride (Mt. B6), thiamin mononitrate (Mt. B1), cyanocobalamin (Mt. B12), D-biotin (Biotin).

H24 LiftOff Max is a delicious grapefruit flavoured energy drink that contains 180 mg of caffeine per serve, perfect before a workout or whenever you need to get back on track ***

It is high in vitamin C, vitamins B6 and B12 which contribute to reducing tiredness and fatigue. It is also specially formulated with pantothenic acid that contributes to normal mental performance.

H24 LiftOff Max comes in a box of 10 individual sachets and is great to have when you're on-the-go.

KEY BENEFITS AND FEATURES

- 180 mg of caffeine per serve***
- High in vitamin C, vitamins B6 and B12
- Sugar-free
- Vegan
- No artificial colours or flavours, contains naturally sourced sweetener
- Refreshing Grapefruit Twist flavour

DIRECTIONS FOR USE

For best results, we recommend 1 sachet per day dissolved in 250 ml water either before a workout or whenever you need to get back on track. Enjoy this product within a balanced and varied diet, as part of a healthy, active lifestyle.

***It is not recommended to exceed a daily intake of 400 mg caf eine from all sources (200 mg for pregnant or breast-feeding women).

H24 Restore

Full Product Details

RESTORE

NIGHT-TIME NUTRITIONAL SUPPORT FOR THOSE THAT PUSH TO EXTREMES

NUTRITION FOR THE 24-HOUR ATHLETE

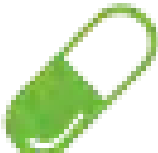

Restore has been specifically formulated with the needs of athletes in mind, with 200 mg of vitamin C added to maintain the normal function of the immune system during and after intense physical exercise. Restore contains 150 mg of Lactium®, a unique bioactive peptide with anti-stress properties, derived from casein protein.

FEATURES AND BENEFITS

- Helps maximise rest and recovery – key to any training programme
- Contains Lactium, a unique bioactive peptide - derived from casein protein. Visit www.lactium.com for more information
- 200mg of Vitamin C, helping maintain the normal function of the immune system during and after intense physical exercise
- 100% NRV for Vitamin E which works in combination with Vitamin C to protect the body from oxidative stress
- Make it part of your bedtime routine along with good quality sleep to achieve your fitness and performance goals.

FACTS

One a day capsule to take at night

Maintains the immune system before and after intense exercise*

Full 30 day supply

Contains Lactium, a unique patented ingredient

NUTRITION FACTS

	Per capsule
Lactium® (Milk protein hydrolysate)	150 mg
Vitamin A	400 µg RE
Vitamin C	200 mg
Vitamin E	12 mg α-TE

INGREDIENTS:

L-ascorbic acid, Lactium® (milk protein hydrolysate), bulking agents (dicalcium phosphate, microcrystalline cellulose), capsule shell (hydroxypropyl methylcellulose, colour (copper complexes of chlorophylls)), DL-alpha-tocopheryl acetate, beta-carotene, anti-caking agent (magnesium salts of fatty acids).

USAGE:

Take one capsule at night before sleep.
Use this product within a balanced and varied diet, as part of a healthy active lifestyle.

Banned Substance Tested. Sports & Fitness

Calorie-free Electrolyte drink to encourage fluid consumption during exercise!

Losing as little as 2% of body weight through sweat can have noticeable consequences. Studies have found that athletes who lose 2% or more of their body weight through sweating, may experience reduced aerobic performance and cognitive / mental performance, especially in warm weather.

Hydrate is a unique calorie free drink with an osmolality of less than 270 mOsmol/kg. In a light orange flavour, Hydrate is a perfect option to keep you hydrated before and during exercise.

Provides B vitamins (B1, B2, pantothenic acid and B12) and vitamin C, plus calcium and magnesium, all of which contribute to normal energy-yielding metabolism. Provides 100 % of the nutrient reference value for vitamin C, which contributes to the protection of cells from oxidative stress, helps maintain the normal function of the immune system and helps reduce tiredness and fatigue. Provides magnesium which contributes to electrolyte balance and also helps reduce tiredness and fatigue.

FEATURES AND BENEFITS

- Has an osmolality of less than 270 mOsmol/kg
- Provides 100% of your NRV, for vitamin C which helps reduce tiredness and fatigue
- Provides B vitamins (B1, B2, pantothenic acid and B12) and calcium and magnesium, all contributing to normal energy-yielding metabolism
- No artificial colours or flavours
- Calorie free
- Convenient sachets
- Light orange flavour

USAGE

Mix 1 stick pack with 500 ml of water, shake vigorously.

Enjoy this product within a balanced and varied diet, as part of a healthy active lifestyle.

Store in a cool, dry place.

Banned Substance Tested: The Informed-Sport quality assurance programme certifies that a sample of the batch (from which this product was created) has been tested by LGC's world-class sports anti-doping lab and found to contain no banned substances in its anti-doping screen. Sports & Fitness

CR7 Drive is a carbohydrate-electrolyte drink for maintaining endurance performance during prolonged exercise, perfect for taking during exercise or sports.

It is a carbohydrate-electrolyte solution that is proven to enhance the absorption of water during physical activity and help maintain endurance performance*, whether it be an intense game of football or you are hitting the treadmill.

CR7 Drive also contains vitamin B12 which helps maintain energy-yielding metabolism as well as the normal function of the immune system, as well as magnesium which helps reduce tiredness and fatigue and contributes to electrolyte balance.

Each serve contains under 100kcal per serving and is easy to drink while on the move, with a light Acai Berry flavour.

* Carbohydrate-electrolyte solutions contribute to the maintenance of endurance performance during prolonged exercise.

** Carbohydrate-electrolyte solutions enhance the absorption of water during physical exercise.

KEY BENEFITS

- Delicious and refreshing carbohydrate-electrolyte drink to take during exercise.
- Developed in conjunction with Cristiano Ronaldo, one of the elite players of world football.
- Carbohydrate-electrolyte solution that is proven to help sustain endurance performance*.
- Also enhances the absorption of water during exercise**.
- Under 100kcal per serving to help manage your calorie intake.

USAGE

- Sachets: Mix 27g (one sachet) of powder with 500ml of water, shake vigorously. Best consumed during exercise.
- Canister: Mix 27g (2 scoops) of powder with 500ml of water, shake vigorously. Best consumed during exercise.

Energy, Sports & Fitness

Carbohydrate-protein drink mix with added vitamins for athletes. Prolong is easy to drink with a light, subtle flavour.

KEY BENEFITS

- Dual-source blend of carbohydrates, protein and sodium to use during prolonged exercise
- Contains 7 g of protein per serving, which contributes to the maintenance and a growth of muscle mass
- Isotonic formula for efficient carbohydrate and fluid uptake
- Provides 225 kcal per serving, great for endurance sports
- B vitamins, including B1 and B12, contribute to normal energy-yielding metabolism
- 100% NRV of vitamin C contributes to the protection of cells from oxidative stress, helps maintain the normal function of the immune system and helps reduce tiredness and fatigue
- No artificial colours, preservatives or sweeteners

WHO CAN BENEFIT FROM PROLONG?

- Triathlete completing a combined bike-to-run workout or on race day
- Cyclist on a 4-hour training ride
- Swimmer completing a morning workout
- Football player during training or competition
- Working professional with physically-demanding job requirements

USAGE

Add 4 level scoops (60 g) of Prolong to 250 ml of water, shake vigorously, then add a further 250 ml to make a 500 ml serving.

Drink one bottle (500 ml) per hour during physical activity.

Consume one portion of 500 ml per day, as needed.

This product should be used as part of a balanced and varied diet in line with a healthy lifestyle.

Banned Substance Tested: The Informed-Sport quality assurance programme certifies that a sample of the batch from which this product was created has been tested by LGC’s world-class sports anti-doping lab, and found to contain no banned substances in its anti-doping screen. H24 Rebuild Endurance

Full Product Details

REBUILD ENDURANCE

RECOVERY CARB-PROTEIN DRINK FOR
ENDURANCE SPORTS.

Recharge and replenish with Rebuild Endurance. Recovery is one of the most important aspects of an athlete's regime. Inadequate recovery will impact on performance during the next training session or competition. Athletes are recommended to consume 1.0 - 1.5g per kg of body weight of carbohydrate in the first 3 minutes after exercise to replace glycogen stores following prolonged endurance exercise, as well as adequate protein to ensure that training gains are optimised..

FEATURES AND BENEFITS

- » Contains 36g specially selected carbohydrate and high quality dairy protein in each serving
- » Protein contributes to the growth and maintenance of lean muscle mass
- » Vitamins C and E help to protect the body's cells from oxidative stress.
- » Vitamin C and iron help reduce tiredness and fatigue.
- » Iron and vitamins C, B1 and B2 contribute to normal energy-yielding metabolism.

FACTS

10 g high quality dairy proteins, Casein and Whey

188 kcal per serving

Delicious vanilla flavour

No artificial colours, flavours or sweeteners

USAGE:

- Add 4 level scoops (50 g) to 250 ml of water, shake vigorously.
- Consume within 30 minutes following aerobic activity.
- Enjoy this product within a balanced and varied diet, as part of a healthy active lifestyle.

Banned Substance Tested. The Informed-Sport quality assurance programme certifies that a sample of the batch from which this product was created has been tested by LGC's world-class sports anti-doping lab, and found to contain no banned substances in its anti-doping screen. More details at www.informed-sport.com.

- 5.Oat beta-glucan has been shown to lower/reduce blood cholesterol. High cholesterol is a risk factor in the development of coronary heart disease. The beneficial effect is obtained with a daily intake of 3g of oat beta-glucan. Coronary heart disease has multiple risk factors and altering one of these risk factors may or may not have beneficial effect.
- 6.Beta-glucans contribute to the maintenance of normal blood cholesterol levels. The beneficial effect is obtained with a daily intake of 3g of beta-glucans from oats, oat bran, barley, barley bran, or from mixtures of these beta-glucans.
- 7.Consumption of beta-glucans from oats or barley as part of a meal contributes to the reduction of the blood glucose rise after that meal. This is applicable for food which contains at least 4 g of beta-glucans from oats for each 30 g of available carbohydrates in a quantified portion as part of the meal. In order to bear the claim information shall be given to the consumer that the beneficial effect is obtained by consuming the beta-glucans from oats as part of the meal
- 8.The beneficial effect is obtained with a daily intake of 3 g of oat beta-glucan.

**The trial was carried out by researchers at Bologna’s Sant’Orsola-Malpighi University Hospital, on behalf of the Nutrition Foundation of Italy, and comprised 83 participants (48 women and 35 men) and was one of the first clinical trials in a southern European population. At the start of the trial, each participant had moderately high levels of cholesterol, low cardiovascular risk and consumed a typical Mediterranean diet.*

*** *Oat beta-glucan has been shown to lower blood cholesterol. High cholesterol is a risk factor in the development of coronary heart disease. The beneficial effect is obtained with a daily intake of 3g of oat beta-glucan. Coronary heart disease has multiple risk factors and altering one of these risk factors may or may not have a beneficial effect. Beta Heart is not intended to diagnose, treat, cure or prevent any disease.*
